

We're Hiring

Tree Planting Camp Cooks

Are you a dynamic and experienced camp cook? We have positions available for both Head Cooks and Assistant Cooks for the 2024 season in our remote treeplanting camps in Western Canada.

Head Cook duties include meal planning, budgeting, food ordering, shopping and preparation. Treeplanters and camp staff are served a breakfast and dinner in camp, and take a packed lunch to the field each day. Nutritious and delicious food plays an important role in the camp's morale and productivity and as such, the wages offered are highly competitive.

We are looking for stand out cooks who can make a difference in the day to day experience.

This is a seasonal position beginning approximately at the end of April and finishing at the end of our planting season in early August. Shifts are typically 3 days on with a day off. Transportation can be provided from Quesnel, BC at the beginning of the season.

BLUE COLLAR
SILVICULTURE

QUALIFICATIONS

Applicants must have the following certifications and skills:

- ◇ Valid Food Safe
- ◇ Valid First Aid
- ◇ Eligible to legally work in Canada.
