- Commitment to safety
- Have a strong work ethic, the ability to work respectfully with others and work independently
- Attention to detail, problem solving capabilities and a positive attitude
- Ability to work in physically demanding outdoor environment
- Ability/willingness to travel, work extended shifts, and stay in remote camps.
- Applicable Forestry Experience
- BC Accredited Silviculture Surveyor
- Have a valid Class 5 driver's license
- Have strong communication and interpersonal skills

#### ASSET QUALIFICATIONS:

- Currently enrolled and/or degree diploma in a Natural Resources Program considered an asset
- Registered or enrolled as a member of the FPBC

#### KEY RESPONSIBILITIES:

- Key Personnel on Planting Implementation
- Perform Silviculture Surveys
- Operate tablets/software
- Field mapping and navigation
- Attend monthly safety meetings
- Contribute to a healthy work environment
- Daily communication with supervisor
- Ensure/verify data quality and completion of field staff
